BOND SALES GO UP

NODAWAY COUNTY BUYERS GOT BUSY DURING THE WEEK.

$25,000 AT JUNCTION

Liberty Day At Barnard Netted $10,000 —Local Banks Report Double Amount Over First Issue.

With one day left before the government announced it will close the subscription lists for the second Liberty Loan, Nodaway county has taken added interest as the campaign has developed. Reports today from the local banks indicate that the amount subscribed will be more than double the sum subscribed to the first issue. The original date for closing the subscription lists was October 27, but in view of the fact that subscriptions have been slow coming, it is believed that the time will be extended for several days at least.

Banks throughout the county also report an increasing number of subscribers among the farmers and there is every indication that subscriptions throughout the county will be well over the $200,000 mark.

$25,000 At Burlington Junction.

Says the Burlington Junction Post: The Second Liberty Loan Campaign is meeting with much better success in Burlington Junction, and vicinity than did the first one. Our people have awakened to the importance of supplying the government with money to carry on the present war and almost three times the amount subscribed in the first campaign has already been taken in the second issue.

The Boy Scouts are entitled to a great deal of credit for putting life into the present campaign. They have worked early and late, "button-holing" every prospective purchaser, and in several instances they have sold to people who would probably not have considered the matter seriously, had not the Scouts put it up to them.

J. W. Smith Buys $10,000.

J. W. Smith, too old to fight, but not to old to help win the war, subscribed for $10,000 worth of bonds at the local banks Monday. Mr. Smith has been a real patriot since the beginning of the war, and while his nearly four score years prevent him from active service, he is doing his full part at home.

The total subscriptions in Burlington Junction up until closing time last night amounted to almost $25,000. A big drive will be made between now and Saturday, when the books close, and every effort will be made to materially increase the present subscription.

$10,000 In Bonds At Barnard.

No demonstration attended the purchase of $10,000 worth of Liberty Bonds Wednesday by people in this community. They just went about it in a business way and came to the support of the government right royally. Our banks took a liberal share of this amount and the rest was taken by patriotic citizens.

Postmaster Perkins telephoned the amount to the Federal Reserve Bank at Kansas City late in the evening and he thinks that even more will be bought before the sale is closed Saturday.—Barnard Bulletin.

Scouts in Bond Parade.

Seventeen Boy Scouts paraded the principal streets in the interest of the sale of Liberty Loan Bonds, which is being conducted by them this week says the Burlington Junction Post. Headed by Scout Patrols Carl Ferguson and Raymond Harrington, the boys marched up Main street carrying flags and banners, and then through the principal residence streets of the town. There were nine large flags and eight banners in the parade.

The Scouts taking part were: Carl Ferguson, Robert Corken, Stanley Ferguson, Leland Spargur, Paul Greenelsh, Donald Dowell of Clearmont, Lewis Houston, Raymond Harrington, Robert Barber, Dale Alvis, Gilbert Greenelsh, Paul Carter, Paul Gregory, Robert Yaple, Glen Humphrey, Clinton Rhodes, Glen Harrison of Coin, Ia., a nephew of Dr. E. S. Harrison.

HEAR A COMMUNITY CHORUS

It Will Be a Feature of the Sunday Afternoon Band Concert at the Empire Theatre.

A feature of the Sunday afternoon band concert at the Empire Theatre will be community singing led by Marcus T. Nielsen. Community singing in many towns and cities all over the country is being developed as an aid to efforts along other lines of community work and a number of Maryville folks are becoming deeply interested. In addition to the community singing a violin selection by Ralph Yehle is included in the afternoon's band program, which is as follows:

March, "Sells-Floto Triumphal (King.)

Overture, "Pretziosa" (Skaggs).

One-Step, "Sailin' Away on the Henry Clay" (Danmark).

Intermezzo, "Shades of Night" (Franklin).

Violin Solo, "Barcarole" (Offenbach), by Ralph Yehle.

Overture, "The Altar of Genius" (King).

Two-Step, "For Me and My Gal" (Schulz).

Trombone Smear, "Lawsy Massy" (Jewell).

Community Singing, led by Marcus T. Nielsen, with band accompaniment.

Finale, "Star Spangled Banner" (Key).

"The Community Chorus," says a leading musical publication, "endeavors to present music which interprets life and humanity, love and comradeship, and especially the joy and courageous optimism which are the dominant note of American life. If America fulfills her promise it will be because music has not failed to contribute its share in keeping alive the altruistic feeling which gives vision to life.

Mrs. O. S. Nisja of Gilman, Colo., and Mrs. D. N. Bishop of Ravenwood, are guests at the home of Mr. and Mrs. M. Goodson.

Y.W.C.A GIRLS BUSY

MAKE THEIR FIRST SHIPMENT OF CLOTHING TO FRENCH CHILDREN.

ASK AID FOR WORKERS

A Great Deal More Could Be Accomplished If There Were More Subscribers to the Fund.

Sixty-four garments, substantially and neatly made, formed the first shipment yesterday of the war relief work done by the Y. W. C. A. girls of the State Normal school. The garments will go to the women and children war sufferers of France. The shipment consisted of the following:

13 Kimono night shirts.
15 Baby slips.
6 Girls' skirt combinations.
15 Sleeveless shirts.
3 Women's skirts.
10 Pairs baby bootees.
12 Children's dresses (2 sizes).

The work was done under the direction of Miss Hettie M. Anthony, head of the home economics department, and was furnished by the subscriptions of the members of the Y. W. C. A. and a few others.

The work could go on a great deal more rapidly if there were more subscribers to the fund, and the people of the town as well as Normal students are asked to contribute. The contributions may be in money or remnants of gingham and outing flannel in two-yard pieces. Outgrown woolen garments which are in good condition are also acceptable. Such articles should be clean and whole. Coats are not asked for, as the cost of sending them is prohibitive.

DR. GRAY LEAVES TOMORROW

C. E. Wells Has Been Chosen His Successor As Superintendent of Presbyterian Sunday School.

C. E. Wells has been chosen as superintendent of the Presbyterian church Sunday school to succeed Dr. A. N. Gray, who leaves tomorrow for his new home in Burlington, Kan. Dr. and Mrs. Gray accompanied by their little son, Albert Benjamin, will drive through in the Gray automobile. Dr. Gray has been active as a Sunday school and church worker since coming to Maryville last December and the best wishes of many friends made during his residence will follow him to his new home.

Visited in St. Joseph Sunday.

Mr. and Mrs. P. J. Tobin and family and Mrs. P. J. Sullivan spent last Sunday in Topeka, Kan., the guests of Mr. and Mrs. John Gaume. Tom Tobin and Roy Schulte of Maryville and Leo Sherlock, of Seneca, Kan., who are with the soldiers at Camp Funston, were also guests at the Gaume home.

Mrs. Frank W. Welch arrived here today from Shenandoah, Iowa, and is visiting at the home of her sister, Mrs. L. E. Dean.

NO STATE ROADS YET

STATE ENGINEER SAYS DESIGNATIONS ARE ONLY TENTATIVE.

CORRECTS IMPRESSION

Profiles and Other Information Must Be in Hands of State Board Before Action Can Be Taken.

Concerning the matter of certain roads in Nodaway county having been designated to the state highway commission as state roads, Judge Blackford and Judge Schmidt, of the county court having stated that such roads were so designated and mapped by A. W. Graham, state highway engineer, Secretary E. M. Claypool, of the Commercial Club, has asked Mr. Graham for information on, and the status of Nodaway's roads.

Mr. Graham has answered by wire as follows:

"State roads in Nodaway county have not been finally designated."

In a letter under date of October 24, from the state highway engineer is contained the following:

"In our tentative system of 'State Roads' Nodaway county was given a north and south road commencing on the north near the town of Hopkins, running south through Hopkins, Pickering, Maryville, Barnard, etc.

"You understand, of course, that this may be added to, and would suggest that you confer with Mr. George E. McInnich, of St. Joseph, on any other roads which you might care to suggest."

This road is approximately thirty miles long, and it will be noted that it is merely a "tentative" nomination, according to the secretary.

"Statements to the effect that the road committee of the club was "backfiring" because the members were planning to have roads designated in Nodaway county as 'State Roads,'" said Secretary Claypool, "are erroneous as will be seen from the messages. In order to have roads designated it is necessary to present profile and other plans and descriptions to the state highway engineer who takes the matter up with the board. This may be done by the county engineer or any competent engineer, although the state board will furnish a corps of engineers and charge the cost to the county.

It was explained that the visit of Harry W. Graham, secretary of the Chillicothe Chamber of Commerce and special supervisor for District No. 1, when he visited that county court last summer was merely for the purpose of outlining possible state roads and that according to law, roads can only be designated by fulfilling requirements made by law and by the highday board.

A VISIT TO RURAL SCHOOLS

Prof. Cooper, Miss Anthony and Miss Miller, At Elm Grove and Mt. Pleasant.

Superintendent Bert Cooper, accompanied by Miss Hettie M. Anthony and Miss Mildred Miller, of the Normal School visited this afternoon at Elm Grove and Mt. Pleasant schools, where interesting programs were given by the pupils. Miss Anthony and Miss Miller are interesting themselves in the work of rural pupils who are studying domestic science and the visit was partially for the purpose of giving encouragement to the girls who will make exhibits at the coming county display and to interest others who would like to exhibit.

Arkansas Miners Dissatisfied.

Special to The Democrat-Forum.

Hartford, Ark., Oct. 26.—Dissatisfied over the appointment of Millard Pendergass as sttate mine inspector, nearly 3,000 coal miners in Arkansas went on a strike today with 2,000 out in this county alone. Officials of the district union enroute home from a conference at Kansas City have ordered the men back to work.

NEW HOME IS NEARLY READY

Red Cross Headquarters in Basement of Library Will Be Ready For Workers Next Tuesday.

The Library basement is being remodeled and re-decorated for the Red Cross headquarters will be ready for use by Tuesday of next week.

A partition has divided the one large room, in the basement, into two work rooms. One room is known as the gauze room and the other is known as the garment or sewing room. Each room will be fitted up with the articles of furniture necessary for the work to be done. In the gauze room will be a number of tables and chairs, and large cabinets are being built in the walls of each room, in which material may be stored. Two sewing machines will be placed in the sewing room.

The library vault will be used to store all supplies after they have been finished. The walls of the basement have been repainted and the windows and doors have been freshly varnished. Only a little work remains to be done before the Red Cross workers move into their new home.

ATTENDS DENTAL MEETING

Dr. Jesse Miller Back From National Convention in New York — The East Talks War.

Dr. Jesse Miller returned this morning from New York, where he has been during the past week in attendance at the meeting of the National Dental association. Dr. Miller says that there is little else talked in the East but the war with Liberty Bond salesmen at every turn, strangers especially being importuned wherever they are met. "Railroad transportation is also being taxed and train schedules are all out of joint," said Dr. Miller, "due to large movements of troops, and merchandise to the seaboard." Missouri and Iowa were well represented at the meeting, which was one of the most interesting in the history of the association.

Emergency Fleet Corporation Is In Process of Re-organization— No Conflict in the Board.

Special to The Democrat-Forum.

Washington, Oct. 26.—The United States Emergency Fleet Corporation is in process of re-organization today and Rear Admiral Capps is to be relieved of the business management of the concern to devote his entire time to the problem of construction, but will remain in supreme power. Admiral Capps is in poor health and Chairman Hurley will take some of the work off his shoulders. The appointment of three men, probably civilians, is now being considered, who will attend to the business management. Officials of the board declared that the action in no way should be construed as being a rift in the organization.

Great German Fortress Expected to Fall Soon—Co-operation of Allied Armies Almost Perfect.

Special to The Democrat-Forum.

Geneva, Oct. 26.—Austro-German troops supported by many big guns have forced a crossing of the Isonzo river south of Tolmino and are fighting their way towards the Italian frontier, according to Vienna and Berlin advices received today. Correspondents with the German armies claim the capture of 12,000 Italian prisoners and a great number of guns. Advices from Rome states that bad weather continues along the entire front. According to opinion expressed in diplomatic circles here Germany is to concentrate her forces against Russia and Italy from now on.

Paris, Oct. 26.—Laon, the great German fortress is almost within the grasp of the French, it is stated today.

London, Oct. 26.—Attacking in a heavy rainstorm the armies of England and France smashed another great gap in the German front in West Flanders, while assaults were delivered over a wide front east and northeast of Ypres. The war offices reports satisfactory progress being made, the co-operation between the French and British armies being almost perfect. The attacks were preceded by heavy bombardment and a number of German prisoners were taken. Severe casualties were inflicted by the Allied armies.

Scott May Implicate Others?

Special to The Democrat-Forum.

Jefferson City, Oct. 26.—Former State Commissioner John Scott, who was dismissed from office for selling state coal to office holders, declared today that he does not intend to bear the whole burden of the charges. His implication is construed to mean that there will be some interesting revelations when he comes to trial.

TO REDUCE STATE TAX LEVY

Special Session Called to Make New Rates Compatible With Full Valuation.

Jefferson City, Oct. 26.—The special session of the legislature here in March will not only result in the reduction of the state tax levy rate of 18 cents but will result in reduction and further limitation of maximum rates that are now permitted to be made by county courts, city councils, boards of aldermen, trustees and school boards.

The law makers also will consider a reduction of the rate of levy now required by law to be made to entitle a county to become a beneficiary of the state aid and Federal road money.

It was necessary for the governor to call a special session of the legislature to reduce the tax levy rate for 1918 in such proportion as the assessed valuation of the state becomes increased by the operation of the new State Tax Commission Law.

TOOK CIGARETTES FROM THE DEAD

Major Hugh Scott Tells How the Soldiers Got Their Smokes Down in Mexico.

How the American soldiers in Mexico, literally starving for a smoke, took cigarettes of a dead Mexican general, even before attending to their own wounds, was told at Muskogee recently by Major Hugh Scott. To those individuals and so-called christian organizations who are opposing the sending of tobacco to the soldier boys in the trenches "somewhere in France" this article is prayerfully submitted, says the Bartlesville Enterprise.

The battle described by Major Scott was one in which he and ten American troopers and a band of Villa bandits engaged. In this battle Jose Benocma, leader of Villa's personal bodyguard, and Candelerio Vervantes, leader of the raid on Columbus, were killed and one American killed and a number of others injured.

When the bandits were routed Major Scott was the first man to reach the side of the fallen Cervantes, lying on his face dead. Major Scott rolled the body over and searched the pockets. A money belt containing $10 in American money and 18 pesos was the first thing found. Then Major Scott discovered a large quantity of Spanish cigarettes stored in nearly every pocket of the dead Mexican's clothing.

He dumped the cigarettes in a pile on the money. The soldiers reached eagerly for the cigarettes, disdaining the money. Five minutes after Cervantes was killed the Americans were joyously smoking his cigarettes.

"I have seen Bull Durham sell for $2 a bag and hard to get at any price," Mr. Scott said, "It was so necessary to get food for men and animals into Mexico that the truck drivers were not allowed to ship in any tobacco. However, they frequently brought in all they could carry in their clothing and it was this supply that sold for $2 a bag.

"On many occasions I have seen a score of soldiers nervously wait while one of their number rolled a precious cigarette, lighted it and took a puff and then started it on the rounds. Before the last man had taken his puff, the cigarette was too short to hold.

To Oklahoma belongs the credit for starting Our Boys in France Tobacco Fund which is meetin with popular approval all over the nation and is the first time that such widespread contributions were ever given for anything of the sort.

"While we were in Mexivo I wrote to Mrs. George M. Flick, a public spirited woman of Oklahoma City, and told her just how badly in need of tobacco we were and asked her to pass the hat around and get us some. Sent by mail it was delivered to us without difficulty.

"Well do I remember the first package of tobacco we received after Mrs. Flick had made known our wants. It was sent by Fannie Kato of Bartlesville and I would like to meet her sometime. It was a great big box of smoking tobacco and cigars.

"I'm a trim old maid and I don't ordinarily believe in the use of tobacco, but I can imagine how you men must feel and I'm sending you some,' Miss Kato wrote.

"I took that box and lined up a lot of the boys in the Sixteenth Infantry which is now in France. The first fellow to walk past me was a great, hulking fellow, a good soldier. 'Here is a bag of tobacco for you,' I told him.

" 'Why, major, I haven't any money,' he said. 'I'm not selling this; Miss Kato of Bartlesville, Okla., sent it to us,' I told him."

What Cash Buying Means

CASH BUYING means the largest possible purchasing power out of the dollar; it means individual frugality where the charge account constantly induces extravagance; buying for cash means helping the merchant to help you save money. We did not adopt the cash system because our customers didn't pay their accounts. We changed to this modern business system because we knew it would enable us to conduct our business more economically, would make it possible to sell our goods on a smaller margin of profit, and would finally result in increasing our volume of business. It's a mighty satisfactory plan both for us and for our customers. And the new faces seen in our store every day is added evidence of the popularity of the plan. Our stock in all its departments is clean, up-to-date and thoroughly reliable. And our prices are uniformly money-saving opportunities.

War Making Machines

By DAVID M. CHURCH

Washington, Oct. 26.—Food is the one thing that you can't get at the Food Administration building. In fact, it is even hard to borrow a match there. Herbert C. Hoover's Food Administration is one of America's most powerful war machines. It has been said that food will win the war and the world acknowledges that America holds the balance of the food.

The machinery of the Food Administration is one huge typewriter. It seems that the food campaign is being waged by rattling typewriters and multiple machines. Hoover has made his work a personal work, he sends hundreds of letters each and every day to hundreds of persons of influence in the food world. To accomplish all of this he has established a corps of correspondents of experience on every food commodity. There are some seventy-five men connected with the Food Administration who are food experts. Each one of these is virtually a letter writer, carrying on a great campaign through the mails. Stenographers come in relays to take long dictations. Each letter goes home, for it is a personal letter. Through the answers to these letters Hoover feels the pulse of the nation. Some five hundred women and girls are employed in maintaining this correspondence.

Publicity is another big factor in the Food Administration machine. Every channel of publicity from the daily newspapers to the religious journal is employed. A staff of 125 writers have been enlisted to pour out article after article for every sort of publication. These are sent where they will do the most good and there isn't any wasted material, either, for material is issued only where it is used. The publicity department employs two hundred persons.

Motion pictures are also a part in the machine. Half a dozen expert motion picture producers are giving their services in mapping out a screen campaign to save food.

Hoover's war machine is quartered in the building which was once the Hotel Gordon. It is labyrinthal, but it answers the purpose and houses more than 1,500 people. A considerable machine, considering that it has been organized less than three months.

Efficiency is the watch word. "Verbal orders don't go," is the sign hung on every desk and affairs move with a precision and accuracy.

Moreover, Hoover does not intend that there shall be any laxity in this department, primarily established for conservation. To offset this he has appointed a sharp-eyed auditor, who watches closely and keeps operating costs down to a minimum.

It is a great machine, the Food Administration, which runs smoothly and noiselessly, but its work is being felt as a comparison between market prices of today and a month ago will show.

A Great Discovery

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anuric acts; the pains and stiffness rapidly disappear.

The very best possible way to take care of yourself is to take a glass of hot water before meals and Anuric, the discovery of Dr. Pierce of Buffalo.

Step into a drug store and ask for a 50c. package of Anuric, which is many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince *you*.

A MISSOURI MOTHER

St. Joseph, Mo.—"I found Dr. Pierce's Favorite Prescription a great help to me during expectancy. I took it with five children. It was the means of my keeping strong and healthy during the whole time and my children were all very healthy. I do recommend the use of 'Favorite Prescription' to prospective mothers."—Mrs. Jennie Miller, 2824 S. 19th Street.

WAGE INCREASE TO MINERS

Men in Missouri, Kansas, Oklahoma and Arkansas Settle Their Differences and Return to Work.

Special to The Democrat-Forum.

Kansas City, Oct. 26.—The 40,000 striking coal miners in Missouri, Kansas, Arkansas and Oklahoma, are back at work today following settlement of wage differences here by operators and miners' representatives. The men will get a substantial wage increase.

The most serious coal shortage in the history of Kansas and this section is averted by the settlement. Schools and factories are nearly out of coal. Many schools were compelled to close and a number of churches will not be able to hold services Sunday in the district.

"GIRLS FROM THE FOLLIES"

Pretty Girls, Good Singing and Plenty of Fun Scheduled at the Empire Theatre Tonight.

After a long interval a real road show comes to the Empire Theatre tonight, the "Girls From the Follies," with advance notices that seem to indicate there will be a flock of fun good singing and other interesting features in the performance.

There is nothing stale or frapped about the performance, which is in two acts and four scenes and fairly scintillates with bright comedy lines and situations, the full emphasis of which is given by Joe Boggs and Mal. Wheeler, the hurricane boys of humor, and Chas. Bennett, to serve up joy pellets in original packages. The management has made a strenuous effort to properly stage the production and have supplied plenty of special scenery and beautiful costumes. The latter are worn by the bewitching galaxy of chorus girls. Among the others in the cast are Dorothy Weber, Loretta Naher, Joe Dusenberry and Alley Boyd. A special feature of the lengthy vaudeville olio includes the Follies Quartette.

The book is a conglomeration of absurdity, created to exploit the versatility of the stars as well as the other members of the cast, each individual being popular with the patrons of burlesque attractions.

THE WAR AND THANKSGIVING

This Year There Will Be A Closer Drawing Together of the Ties of Family Affection.

There is a curious irony in Thanksgiving festivities while a nation is at war; in almost every home there will be at least one empty chair but it is perhaps just this situation which will draw more closely together the ties of family affection. Commenting on this condition, a writer in the November issue of Good Housekeeping says: "Let us try, first of all, to collect a big family. Find someone who would otherwise have to sit down to some lonely table. Economize we must in every way conceivable. It is possible, however, to plan and execute our menu with such cunning art that the economies will never be suspected." Here is a suggestion:

Uxbridge Vegetable Soup, Toast Strips
Roast Turkey, Giblet Stuffing,
Fried Apple Garnish,
Baker Squash, Creamed Turnip,
Onion, Latticed Potatoes, Spaghetti,
Creole Sauce,
Home-made Picallilli,
Cranberry Sauce,
Rings of Brown Bread.
Cold Slaw, Russian Dressing, Crisps,
General Taylor's Pudding,
Concordia Sauce,
Old-fashioned Pumpkin Pie,
Apple Tart, Cheese,
Candied Orange Peel
Coffee.

Every item in the foregoing may be prepared inexpensively and after showing how, the author even suggests economical carving. To quote: "When serving, carve slices and serve without the bones. What is left on the platter may be used in soup."

In connection with this article, a message, published in the same issue, from Herbert Hoover, is of genuine interest. "The Thanksgiving dinner this year should be festive, but not ornate. The day should be one of real Thanksgiving even for the mother who prepares and serves the dinner herself. Thanksgivings would not be Thanksgivings without a chicken or turkey or without cranberries in some form. Potatoes and other vegetables there should be. Corn meal bread is suggested as a reminder of our country's need to save wheat. Mince pie is ommitted because that means unnecessary use of meat. Pumpkin pie is typically American, reminiscent of the first Thanksgiving day, and it has but one crust, thus economizing in wheat flour."

$45 For A Box At Social.

Miss Okalla Suttle, who is teaching the Good Will school, 4½ miles southwest of Skidmore, visited over Sunday with her parents, Mr. and Mrs. Cal Suttle, near Burlington Junction. A very successful box social was held at Miss Suttle's school Friday night, eighteen boxes and pies selling for $82.77. This is the largest amount ever brought by a box supper in that community. Miss Suttle's box sold for $45, which unquestionably speaks for the popularity of Good Will's teacher. The funds will be used for school purposes.—Burlington Junction Post.

Mrs. George Felton and Mrs. Ed Jones of Parnell, were shopping in Maryville Wednesday.

Mrs. Ed Allen and daughter, Dorothy, of Conception are in Maryville today.

SCHOOLS TO AID IN WAR CAMP FUND

County's Apportionment of $640 Will Be Raised In Systematic Manner, Says the Committee.

The people of Nodaway county have more than a passing interest in the boys who are in the service of Uncle Sam in the various army camps of the country. From hundreds of families are sons, brothers and cousins whose surroundings at camp must be wholesome and clean.

"We must have an efficient army," says Maj. Gen. Barnett, head of the marine corps, in speaking of the great need of speedy work on the part of the newly organized war camp play ground and recreation committee, "and to have it so we must make our men wholesomely and cleanly happy." This band of men have determined with the help of every town, county and city in the United States to raise a fund which will be used solely for the purpose of providing healthy and moral amusement for our boys in the military training camps.

Every dollar of the national fund contributed will be used directly for the benefit of the soldiers, for the chairman of the committee has announce that no salaries will be paid.

The local committee from the Commercial Club, of which Harvey L. Haines is chairman, are completing plans for raising Nodaway county's quota of the fund, $640. One feature of the work here announced, is that a part of the work will be done through the schools. Letters will be mailed to each teacher in town and country schools in the county asking that the children aid the raising of the quota by contributing any amount they are able. This will be worked out systematically and is expected to be a great success.

President Wilson, and the Secretaries of War and of the Navy have been so convinced of the needlessness and criminality of the terrible waste of manhood in our former armies and in the armies of Europe at present, that they determined recently United States soldiers shall be given every possible protection while serving their country. They have expressed themselves as feeling certain that it lies within our power to give them back to their families after the war, as clean, physically, mentally and morally, as when they left home. The tasks of the war camp playground and recreation committee are many, and include everything pertaining to moral and physical sanitation in the environment of the training camps, and in the cities which have no camp, but which are points where soldiers concentrate on their way home to camp, or from camp to their fields of service. The committee wishes and intends providing and supervising every kind of proper commercial amusement and home hospitality which may prove interesting and entertaining to men.

Safety razor blades, machine sharpened. Better than new. Here short time at Maryville Drug Co.

All pupils in the grades of the public schools of Maryville, who have a perfect record in attendance, and have not been tardy are to be given a quarter of a holiday each month during the school year. It is hoped that this will materially decrease the absence and tardiness.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Don't Be Tricked Into Using Alum Baking Powder

If demonstrators of inferior baking powders endeavor by means of false tests and statements to induce you to use their products, find out by carefully reading the label if the powders they have offered contain alum.

And remember that alum is derived from mineral sources, and declared by many medical authorities unsafe to use in food.

To insure healthful food and the best results in baking, prudent housekeepers always use

ROYAL BAKING POWDER

which is made from pure Cream of Tartar derived from grapes, a natural, healthful food. Hence, it assures wholesome and appetizing cakes, biscuits, muffins and pastry.

"DRYS" SAY THEY WILL WIN

Sedalia Is Voting On Local Option Today With Both Sides Active In the Fight.

Sedalia, Mo., Oct. 26.—Sedalia is voting on a local option election. A landslide for the drys is predicted. Even some of the wet element admit this.

Recently the saloon men offered the dry element a compromise measure if they would call off the election and thus save the county the expense. They offered to close their doors in a few months if the election was dropped, but the anti-liquor element refused.

Several arrests have been made in the past few days for alleged illegal registration for the election.

The revival meeting continues through this week with good interest and attendance. There was one conversion on Tuesday night and several others seem deeply interested. We have a "Decision Day" service in the Sunday school next Sunday morning and hopes for a large attendance. It is likely the meetings will close Sunday night. Brother A. G. Dempster will preach at Myrtle Tree next Sunday at 11 a. m. Services at Pickering each Sunday evening this week at 7:30. Also Sunday at 11 a. m., and 7:30 p. m. You are cordially invited. —C. S. Mr. and Mrs. Ralph Eversole returned last night from a trip to Kansas City.

Mr. and Mrs. Orley Miller of Parnell announce the birth of a son, born Wednesday night, October 24.

ONLY GOOD DAILY PAPER THAT HAS NOT RAISED ITS SUBSCRIPTION PRICE YET

The St. Joseph News-Press Is About the Only One in This Section of the Country That Can Still Be Had at the Old Rate of $3.00 Per Year.

With one exception—the St. Joseph News-Press—the metropolitan newspapers in this section, have followed the general tendency to raise prices and have increased their mail subscription rates. The enormous increase in white paper and all other materials for publication of newspapers is the occasion for the advances, which have ranged from 33⅓ to 100 per cent. Kansas City papers that were $3.00 and $5.20 are now $4.20 and $7.80. Topeka papers which were $4.00 are now $4.80 and $5.00. Des Moines papers formerly $2.00 are now $4.00. Omaha papers that were $2.00 and $4.00 are now $2.00 and $6.00. Lincoln papers that were $3.00 are now $4.00. St. Joseph dailies, with the exception of The News-Press, have gone from $3.00 to $4.00. The St. Joseph News-Press has not raised its price and is still $3.00 per year by mail. This paper has endeavored to meet the increased cost of paper by economies in its circulation department and has dispensed with its traveling collectors, relying upon its subscribers to forward their subscriptions when due.

The News-Press continues to be as it has been, an excellent daily newspaper giving the news of the world. It has many interesting and important features and an accurate and complete market report. The News-Press cartoons are widely copied and its editorials are accepted as substantial, patriotic expressions of sound American views.

No increase in subscription price has yet been announced, but with the steadily rising markets it is impossible to say how long the old rate will continue. Those who want a thoroughly high-class, independent, patriotic American newspaper with the complete news of the world and commercial markets should subscribe promptly at the old price of $3.00 per year. Check or money order.—Adv.
